Option 1:

Hey LinkedIn!

I work with Claravine to standardize my organization's marketing data across teams. In my time working with them, we've turned our marketing taxonomy into reliable & accurate data and are now able to make real-time business decisions.

Trying to do End-to-End Measurement? Trying to create an omnichannel experience for customers? You need Data Integrity with Claravine!

Option 2:

I don't usually post on LinkedIn, but I think it's important to share. Since adopting data standards for marketing, I've truly been able to sleep better at night. Knowing that my data is working for me and not against me, make me excited to pull insights and reports.

I think you should check out Claravine for your organization. Use my link to get connected to the Claravine team quickly! **[Add your link]**

Hey [Name],

I know we work in an adjacent field and so I wanted to share with you a solution that has been instrumental in getting [Your Company or Team's] data under control and connected.

Claravine is an easy-to-use platform, where all your [campaign, content, media, and/or marketing] data can live and global teams can work within. It allows you to enrich and connect your data points so that you can get accurate & reliable insights about campaigns in real-time.

I really think you should check them out! Use my link to get in the know of what they're doing. **[Add your link]**
